

HIGH-EFFICIENCY INDUSTRIAL CLEANING

INDUSTRIAL VACUUM CLEANER

The CYSD100 series works continuously for long periods without stopping. It absorbs large amounts of dust, ultra-fine powder, carbon dust, stones, broken glass and iron filings.

The vacuum cleaner features a pulse-jet filter cleaning system, so the filter does not require manual cleaning, and a soft starter protects the motor.

BUILT FOR PRODUCTIVITY

Powerful pickup. Flexible configuration. Easy daily operation.

100 L COLLECTION TANK

CORE COMPONENTS

HEPA FILTRATION

High-efficiency filtration captures fine airborne dust.

ELECTRIC MOTOR

Industrial-grade motors deliver strong, continuous suction.

STANDARD ACCESSORIES

Complete tool kit for floor, corner and equipment cleaning.

SOFT START CONTROL

Soft start protects the motor and extends service life.

PERFORMANCE ENGINEERED
